

Answer: Statute refers to the case plan for a NMD as the Transitional Independent Living Case Plan (TILCP). Below is the definition of the TILCP, as in Welfare and Institutions Code (W&IC) 11400 (y). This is basically the same Permanency Planning (PP) case plan that is developed for the foster youth prior to reaching age 18, but addresses additional documentation for NMDs. The term TILCP is inclusive of the existing Child Welfare Services/Case Management System (CMS/CMS) updated case plan document, the six month review hearing court report narrative, as described in W&IC section 366.3(l) and (m), and the updated Transitional Independent Living Plan (TILP).

W&IC section 11400 (y) “Transitional independent living case plan” means, on or after January 1, 2012, the nonminor dependent’s case plan, updated every six months, that describes the goals and objectives of how the nonminor will make progress in the transition to living independently and assume incremental responsibility for adult decision making, the collaborative efforts between the nonminor and the social worker, probation officer, or Indian tribe and the supportive services as described in the transitional independent living plan (TILP) to ensure active and meaningful participation in one or more of the eligibility criteria described in subdivision (b) of Section 11403, the nonminor’s appropriate supervised placement setting, and the nonminor’s permanent plan for transition to living independently, which includes maintaining or obtaining permanent connections to caring and committed adults, as set forth in paragraph (16) of subdivision (f) of Section 16501.1.
